FURNITURE

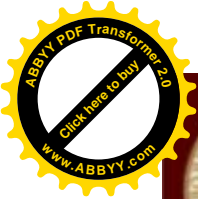

- All categories of furniture and furnishings are produced in Serbia
- Furniture is generally produced from particle boards
- Only 30% of all furniture is produced from solid wood
- domestic companies produce high quality furniture which successfully rivals the imports

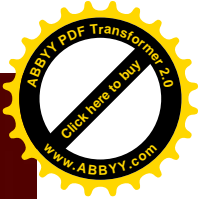

SUCCESS STORY - ALEKSANDRO

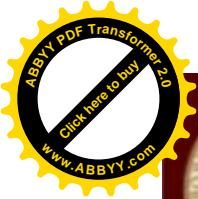

- Company was found in 1990
- It has developed network of eleven stores across the country
- it begun with production of TA furniture in 2003
- Location of factory is in Industrial zone Sombor (5ha of land and 5000m² production building)
- it employs 200 people
- Aims on south-eastern Europe market
- adopted German technology
- Joint – venture with Lesnina from Slovenia
- Products: bedrooms, children's rooms, wardrobes, piece furniture, sistem furniture, entertainment centres

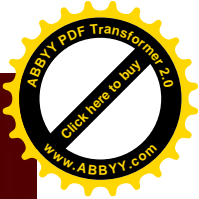

SUPPORT FROM THE CITY GOVERNMENT

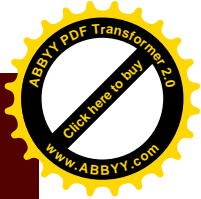

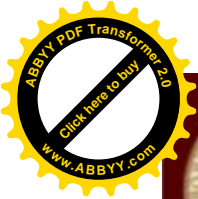

- City provided 5ha in the industrial zone for the investor
- City built all the neccessary infrastructure
- City helped in finding labour
- City was involved in gaining all the incentives from the state
- All the paperwork were done with the city departments

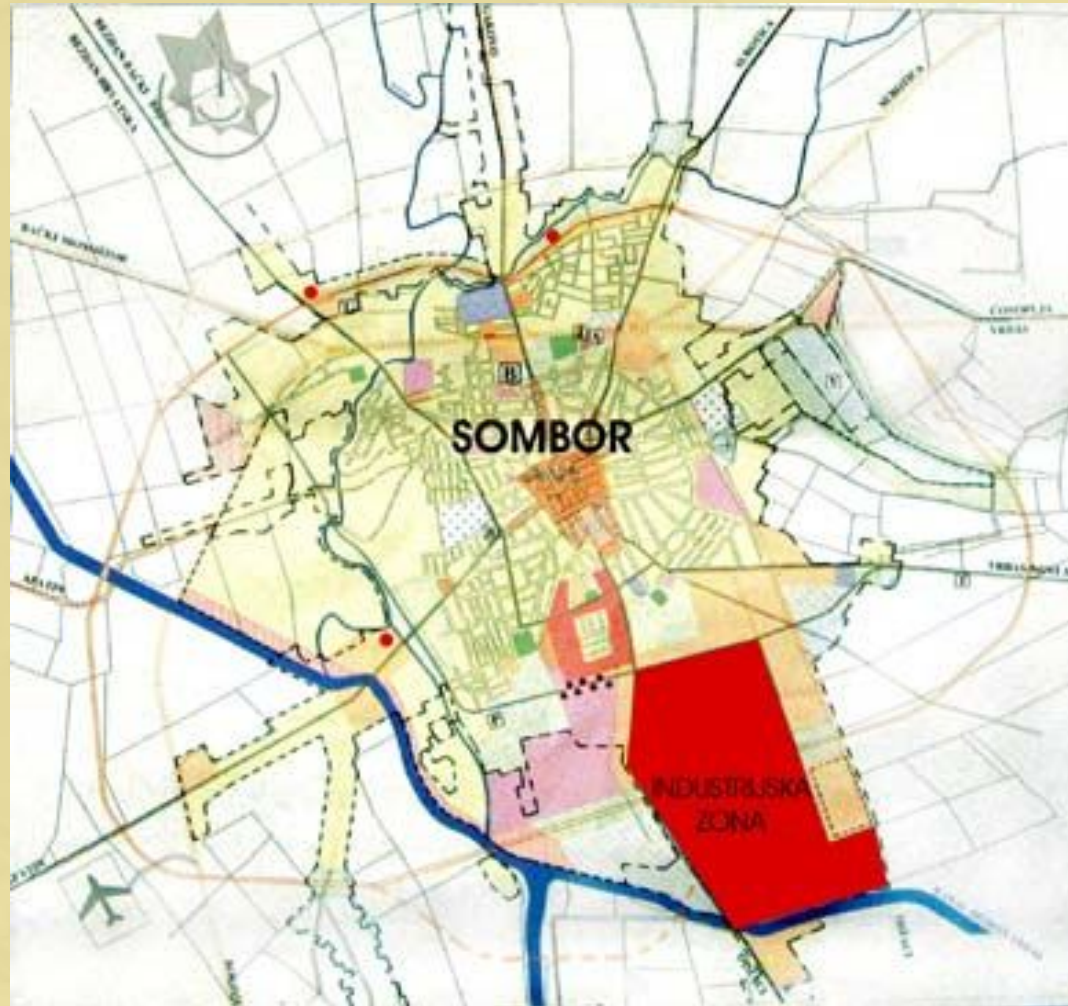

INDUSTRIAL ZONE - SOMBOR

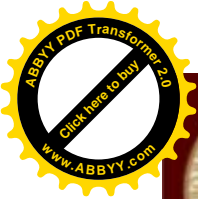

- Area: 500ha
- Infrastructure: fully equipped (roads, railways, water channels, electricity, etc.)
- 25km away from Hungarian and Croatian border
- 180km to the nearest airport
- 20km to the nearest port on Danube
- 55km from Corridor X

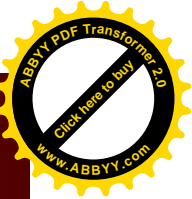

POSITION OF THE INDUSTRIAL ZONE

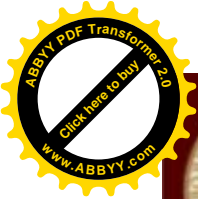

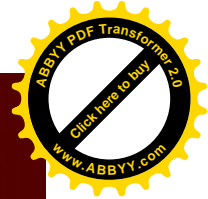

MAIN REASONS FOR INVESTING

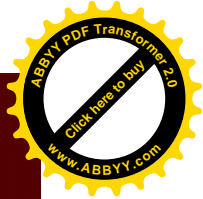

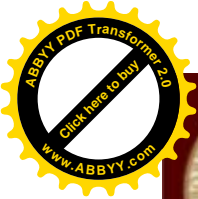

- **Trade agreements:**
 - free trade agreement with the Russian Federation
 - Autonomous Trade Measures (ATM) by the EU (no import duties in EU)
 - Most Favorable Nation (MFN) with the USA
- **Human resources:**
 - unique combination of high quality and low costs
 - highly qualified staff, well educated
- **Geographic location:**
 - a shipment from Serbia can reach even remotest parts of Europe in less than 72 hours
- **Investment Incentives**

INVESTMENT INCENTIVES AND OTHER BENEFITS

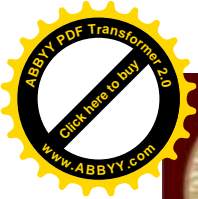

- One of Europe's lowest corporate profit tax rates set at 10%
- Value Added Tax of 18%
- Tax credits for investing in fixed assets of up to 80% of the invested amount
- Salary tax and social insurance charges exemptions for employees under 30 and above 45 years of age
- A 10-year corporate profit tax holiday for investments of over €7 million
- between
- €2,000 and €10,000 for each new job created

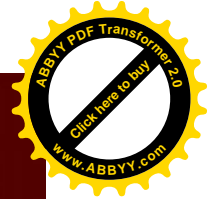

SUMMARY

- You wish to invest in wood and furniture industry in Sombor because:
 - We have all the natural resources that are needed
 - We have remarkable geographic location
 - We have good, educated, skilled workers
 - We hold market position based on quality
 - We have many incentives for investors and a great city government to forefill your every demand
