

Business incubator centre Užice

With the aim to support the development of entrepreneurship , the city of Uzice in cooperation with the Regional Development agency "Zlatibor" founded a new economic company "Business incubator centre Uzice Ltd."The incubator centre is located in Sevojno, in the working-business zone "Sevojno L".

In the premises of the incubator centre one can find the newly founded small companies , which have either just started doing business or are in the development phase and they need some help regarding the premises, infrastructure, expert help by providing advisory , consultant and administrative services.

The users of the Incubator can be small companies engaged in the production and service industry and which have the intention to employ a certain number of people.

The Incubator Centre was opened in September 2009.
